Sect. 5255 Land Development Code:
(S) CERTIFICATE OF INSTALLATION REQUIREMENT:
The same firm which prepared the approved plans shall certify the finished installation of the plant material on a project prior to an application for final inspection of the installation. This certification shall verify that the plant material specified and shown in the plans is, in fact, in place per the approved plans. Any deviations from the approved plans will be approved by the development review committee prior to the implementation of the deviations. All deviations from the approved plan shall be noted and explained.. The format of the certification shall be in letter form bearing the original letterhead of the designing firm and containing a statement that all requirements have been met, and shall be accompanied by a signed and sealed "as-built" plan, pursuant to Florida Statute 481.

All applicable land development code concurrency requirements have been met.
